  - (c) charge interest to the Buyer at the lower of the rate of 3½% per annum above the Wells Fargo Bank West N.A. prime rate from time to time or the highest rate allowed by law, on the unpaid balance (such interest to accrue on a day to day basis from the due date for payment until receipt by the Seller of the full amount after any judgment);
  - (d) the Buyer shall indemnify the Seller against all costs and expenses (including any legal costs and expenses on a full indemnity basis) incurred or sustained by the Seller in recovering sums due or in exercising its rights pursuant to this Clause.

Delivery shall also occur on the date the Seller proposes to make delivery where the Seller advises that the Products will be dispatched and the Buyer indicates that he will not take deliveries on such date. Where the Products are picked-up or to be picked-up by the Buyer, delivery occurs when they are made available to the Buyer or it’s carrier at the Seller’s warehouse or when the Seller notifies the Buyer that the Products are available for pick-up. The Buyer warrants that in cases where Delivery is to be made by road transport by the Seller or by its carrier sufficient and suitable access to the said destination including a road surface capable of withstanding the weight and size of the transport and loads is available. In the event of any additional costs or expenses being incurred by the Seller directly or indirectly through its carrier the full amount thereof will be payable on demand.
- (ii) The Buyer shall be responsible at his expense for off-loading of the Products except where agreed otherwise in writing.
- (iii) Any dates quoted for Delivery of the Products are approximate only and the Seller shall not be liable for any delay in Delivery of the Products howsoever caused.
- (iv) The Seller reserves the right to Deliver the Products in installments.
- (v) If the Buyer fails to take Delivery of the Products or fails to give the Seller adequate Delivery instructions when notified that the Products are ready for Delivery then, without limitation to any other right or remedy available to the Seller, the Seller may:
- (a) store the Products until actual Delivery and charge the Buyer its storage charges current at the date thereof (including insurance); and
  - (b) in the event that the Buyer fails to accept Delivery for a period of three months the Seller may sell the Products at the best price readily obtainable and (after deducting all storage, packing, unpacking, transport and abortive Delivery costs and selling expenses) charge the Buyer for any shortfall below the price under the Contract.

### 7. RISK AND SECURITY INTEREST

- (i) Risk of damage to or loss of the Products shall pass to the Buyer upon Delivery.
- (ii) Notwithstanding Delivery of the Products and the passing of risk of damage to or loss of the Products, or any other provision of these Conditions, the Seller shall retain a purchase price security interest in the Products until the Seller has received in cash or immediately available funds payment in full of the Price of the Products and all other Products agreed to be sold by the Seller to the Buyer for which payment is then due.
- (iii) The Seller shall be entitled at any time during which it retains a security interest in the Products to require the Buyer to deliver up the Products to the Seller and, if the Buyer fails to do so forthwith, to enter upon any premises of the Buyer or any third party where the Products are situated and repossess the Products in accordance with the provisions of the Uniform Commercial Code and local law.

The Buyer must give written notice to the Seller within three working days of receipt of invoice if the Products have not been delivered by the Seller or its carrier to the Delivery Address. Failure to give written notice pursuant to this sub-clause shall mean that the Buyer shall be deemed to have accepted the Products as being in good order and in conformity with the Contract.
- (iv) Any claim by the Buyer which is based on any defect in the quality or condition of the Products or their failure to correspond with the Specification of the Products shall (whether or not Delivery is refused by the Buyer) be notified in writing to the Seller within 7 days from the date of Delivery or (where the defect or failure was not apparent on reasonable inspection) within a reasonable time after discovery of the defect or failure. If Delivery is not refused, and the Buyer does not notify the Seller accordingly, the Buyer shall not be entitled to reject the Products and the Seller shall have no liability for such defect or failure, and the Buyer shall be bound to pay the Price as if the Products had been delivered in accordance with the Contract.
- (v) Where any valid claim in respect of any of the Products that is based on any defect in the quality or condition of the Products or their failure to meet the specification of the Products is notified to the Seller in accordance with these Conditions, the Seller shall be entitled, at the Seller’s sole discretion, to replace, repair or supply a repair kit for the products (or the part in question) free of charge or, to refund to the Buyer the Price of the Products (or a proportionate part of the Price), but the Seller shall have no further liability to the Buyer.

- (viii) In no event shall the Seller’s total monetary liability to the Buyer under this Contract for any and all claims or causes of action exceed the cumulative amount of the payments made by the Buyer and actually received by the Seller for the Products under this Contract.
- (ix) The Seller shall not be liable to the Buyer or be deemed to be in breach of the Contract by reason of delay in performing, or any failure to perform, any of the Seller’s obligations in relation to the Products, if the delay or failure was due to any cause beyond the Seller’s reasonable control. Without limitation to the generality of the foregoing, the following shall be regarded as causes beyond the Seller’s reasonable control:
- (a) Act of God, weather conditions, explosion, flood, tempest, fire or accident;

Any failure to pay these costs may result in a delay in manufacture or cancellation of the Contract by the Seller without limitation to its accrued rights.
- (ii) Any molds created or used by the Seller to make the Products shall remain the property of the Seller.

### 11. CANCELLATION, CHANGES OR DELAYS

Once accepted by the Seller and confirmed by way of Order Acknowledgement, an order is not subject to cancellation or change except on terms acceptable and satisfactory to the Seller which may include, among other things, Seller retaining any and all deposits made by Buyer. Direction by the Buyer to cancel an order may be treated as a repudiation making the Buyer immediately liable for loss, expense and other damages. In addition to retention of the Buyer’s deposit, it is understood that a cancellation charge may be due from the Buyer to the Seller computed on the basis of costs (direct and indirect) accumulated, including, without limitation, labor, materials and design related to the Contract and the articles described herein, plus ten percent (10%) of the total Contract price as liquidated damages, and not as a penalty for such cancellation. Judgment upon the decision or award rendered in arbitration shall be final and binding upon the parties hereto and may be entered in any court having jurisdiction. Notwithstanding the foregoing, this agreement to arbitrate shall not bar either party from seeking restraining orders, temporary or permanent injunctive relief or other equitable remedies in any court having jurisdiction thereof. In the event that a dispute, controversy or claim is arbitrated in accordance with this Clause 13.(vi), the Buyer and the Seller shall pay their own respective costs in connection therewith regardless of the outcome of the arbitration.
